

Empires, Under The Bright Lights

Everyone's dressed in the scenery
I can't stop looking, we blend in
Everyone's right where they've got to be
Under the bright lights, I want you

Oh, don't you mind the war tonight
We'll watch the sky explode tonight
Oh, don't you mind the war tonight
We'll watch the sky exploding high

Questions are shot to the heart of hell
Elephants falling and burning
Hold me and watch the apocalypse
Baby, we did this, don't miss it

Oh, don't you mind the war tonight
We'll watch the sky explode tonight
Oh, don't you mind the war tonight
We'll watch the sky exploding high

Where have you been?
Where have you been?
Where have you been?

Oh, don't you mind the war tonight
We'll watch the sky exploding high
Oh, don't you mind the war tonight
We'll watch the sky exploding high

Oh, don't you mind the war tonight
We'll watch the sky explode tonight
Oh, don't you mind the war tonight
We'll watch the sky exploding high

Oh, don't you mind
We'll watch the sky exploding high
We'll watch the sky exploding high
