

EMPYR, My Empress

Contagious tears flow in my veins
Sometimes my bones pierce my skin cuz
She is the one that I must please
Fill me with her memories
Fill me with her poetry

My empress
Ready to rebuild

I engraved her face in my sky
Draw her eyes on my retina
Trust me it's too hard to say it
Find the words and sing it
She's heaven in hell
She's everything

My empress
Ready to rebuild
