

EMPYR, Water Lily

Put your arms around me
Remember how it feels
I'm dead since you're gone
I'm dead 'cause there's
No more tomorrow for us, for us
No more tomorrow

Put your arms around me
Put your arms around me
I'm lost
Put your arms around me
There's no more tomorrow for us
And no more tomorrow for you

I'm dead since you're gone
My head on the ground
