

En Vogue, I Love You More

i love you i love you i love you
i love you i love you i love you
i love you i love you i love you
i love you i love you i love you
i love you more than there are ocean grains of sand
i love you more than there are voices in the wind
i love you so i can't let go
i love you so i want the whole wide world to know
it's not unusual to feel this way
sometimes i feel a bit insane
i will confess i deserve nothing less than
what you've given me so far
i feel a high when i am by your side
my life's so bright like summer skies
i dreamed so long to have someone like you
and now you're here with me
and it feels so good
1 i love you more than there are ocean grains of sand
it must be love if i feel this way
i love you more than there are voices in the wind
only love makes me do these things
i love you so i can't let go
now that i have you
i love you so i want the whole wide world to know
i always thought you were my soulmate
and extension of my heart
the angels say it's a spiritual thing
we will never be apart
that's why i'm high when i am by your side
my life's so bright like summer skies
i dreamed so long to have someone like you babe
and now you're here with me
and it feels so good ooh
repeat 1
i love you more than all the ocean grains of sand
i love you more than all the voices in the wind
i love you so yeah
never let you go
i love you so i want the world to know
i love you more than all the ocean grains of sand
i love you more than all the voices in the wind
i love you so
never let you go
i love you so i want the world to know
i love you more than all the ocean grains of sand
i love you more than all the voices i hear in the wind
i love you so
never letting go
i love you so i want the world to know
ooh boy i love you so
24/7 it won't get old
ooh boy i love you so
24/7 it won't get old
ooh boy i love you so
24/7 it won't get old
ooh boy i love you so
24/7 it won't get old
