

# En Vouge, Don't Let Go

What's it gonna be 'cause I can't pretend  
Don't you want to be more than friends  
hold me tight and don't let go  
Don't let go  
You have the right to lose control  
Don't let go

I often told myself that we could be more than just friends  
I know you think that we move too soon it would all end  
I live in misery when you're not around  
And I won't be satisfied till we're taken both vows

There'll be some love maken, heart broken, soul shaken love  
Love maken, heart broken, soul shaken.....

(Repeat chorus)

I often fancied the stars above are watching us  
They know my heart to speak to you as like only lovers do  
If I could wear your clothes I'd pretend I was you and I lose control

There'll be some love maken, heart broken, soul shaken love  
Love maken, heart broken, soul shaken.....

(Repeat chorus)

Running in and  
out of my life  
Has got me so confused  
You gotta make the sacrifice  
Somebody's gotta choose  
Will we make it if we try  
For the sake of you and I  
Together we can make it right

Can't keep a running in  
and outta my life, outta my life, outta my life  
You've got the right, you've got the right, I said you've got the right to  
lose control

(Repeat chorus)
