

# Endless, Vital

I'm the one who gave you life  
Worship me with every dawn

I'm the bomb that takes your life  
I'm the star of your solar system  
I'm the owner of your planet  
Your lives  
You'd lose in darkness without me

I'm the owner of your planet  
Your lives  
You would lose  
In darkness without me  
It takes me 8 minutes to you  
It takes you 93 millions miles to me  
I'm your star

I'm king here, dominant being  
My moment is your eternity  
I'm master of chain-reaction

I'm turning your earth  
I swung your oceans  
I'm the drug  
That shines your faces  
I'm your star
