

Enforcer, Coming Alive

I'm whirling wind, I'm fire
Nothing can hold me to the ground
Metal high and metal low
Blasting up the barrier of sound
When in the heat of the night
I'm coming alive

Coming alive
Coming alive
Oh, I'm coming
Coming alive
Coming alive
Oh, in the heat of the night
I'm coming alive

Blood and iron, steel on steel
The blasting sound of heavy metal breaks
Feel the pressure, feel the heat
Do or die, give it all that it takes
When in the heat of the night
I'm coming alive

Coming alive
Coming alive
Oh, I'm coming
Coming alive
Coming alive
Oh, with the heat of the night
I'm coming alive
I'm coming alive

Oh, I'm coming alive
Alive, coming alive
Oh, coming alive
With the heat of the night
We're coming alive
Coming alive

Coming alive
