Baptized by Force (Vkisinkastettu, ENGLISH translation)

(the one who was) Baptized by force
Has made a fist out of his Anger
Reddened with Blood
(and) Clenched because of foreign lies

Puppet of the cross
And the horde of black-robed one's
Shall be thrown out with a curse
To Die out in the cold

On the icy lake a hatchet rang
Steel sang and drank Blood

(the one who was) Baptized by force
Has removed the poison from his flesh
The filth of bethlehem
A carcass refused (even) by vultures

The stench of the corpse
And rancid lies of the reverend
Shall be washed away with Blood
Eye for a fething eye

On the icy lake a hatchet rang
Steel sang and drank Blood

In the name of our lord Satan
I re-baptize myself
With the Blood of a thousand christians
I wash myself clean
Of the stench of rotten christ

Let Thy Coldness and Bleakness embrace me
O' Black Lord of Darkness, Thine slave I am
Let Thy Wrath and Fury rape me
O' lord Satan, Thine whore I am

(the one who was) Baptized with force
Has beget a Vengeance out of his Wrath
(a child) Devoted to Tuoni
(a child) Blessed with the strength of truth

The jewish clitlips
And the xtian sheep herd
Will be Beheaded with cheering
And Finland will be redeemed

On the icy lake I masturbated
And drank the Blood of holy man

On the icy lake I masturbated
And drank the Blood of a Dead xtian
