

Enter Shikari, Hoodwinker

This is the voice of God
You've got it, you've got it!
Stay in and lock your doors

I don't care what you've achieved
There's only one location if you don't follow me
You always get what you wanted
You're gonna burn in a blistering furnace
From now until forever, no matter how it ends
You always get what you wanted

Halt, freeze
Who goes there?
Do you have the right?
Do you have the right documentation?
Stop, wait
This ain't right
This is fraudulent,
This is counterfeit
You are a hoodwinker, son

This is the voice of God
This shrink-wrapper of minds
Stay in, lock your doors

Halt, freeze
Who goes there
Do you have the right?
Do you have the right documentation

Halt, freeze
Who goes there?
Do you have the right?
Do you have the right documentation?
Stop, wait
This ain't right
This is fraudulent,
This is counterfeit
You are a hoodwinker, son

I don't care if you're devout
To the three thousand
Other gods
Let the ice breaks the spell
Hostile to liberty
Burning books
It's mental captivity

This is a swindle for your soul /3x
For your soul
/2x

Halt, freeze
Who goes there?
Do you have the right?
Do you have the right documentation?
Stop, wait
This ain't right
This is fraudulent,
This is counterfeit
You are a hoodwinker, son

You are a hoodwinker, son
What do you take me for, a fool, cheeky fucker?
