

Entombed, 20/20 Vision

What can I say?
There's just no way, is there?
so I act as if it's ok mister
I am who I am
I say goddamn
goddamn I give whatever I can
now that is what a nice guy I am
I have no need to be a part of thee
spare me your terrible uncertainty
I am who I am
I say goddamn
goddman I take care while I can
now that is what a nice guy I am
you gotta be human to be inhumane
gotta be crazy not to go insane
gotta be a fool not to be a fool
and you gotta rule not to break any rules
don't be to smart
or to high priced
now that is where the snake
comes into paradise
I am who I am
I say goddamn
goddamn I give whatever I can
now that is what a nice guy I am
