

Entombed, Blood Song

[lyrics: Cederlund/Hellid, music: Cederlund/Rosenberg/Andersson]

Drinking blood
a red delightful bloody power
my fatal bite
the art of the blackest hour
I suck your blood
an immense everlasting lust
morning grows
the sun burns me to dust

Your beating heart
gives the flow
in my high
I will let you go
red pulsing rivers
to me from you
but when I'm there
you are through

a vampire
blood desire
gets me higher
an unquenchable fire

Revel in blood
under the moon
give me your blood
it is my doom
it's a power beyond belief
beyond pain
my life's a stream
inside your vein

I suck your blood !
