Entombed, Left Hand Path

Left Hand Path

I am my own God Master slave and I will be beyond the grave No one will take my soul away I carry my own will and make my day

I am my own God See the truth beyond Through endless lies thy kingdom come Glorified wisdom illumination tool Self deceit it's the golden rule

Live your life you're gonna die your own death There's no one above that's gonna take your breath

I dip my forefinger in the watery blood Of your impotent redeemer And write over his thorn torn brow The true Prince of Evil

What man's created Man can destroy Bring to light That day of joy
