

Entombed, Mental Twin

Me and myself
We're not one of you
We have an alibi to always get thru

Me and myself
My mentor and guide
You're my tormentor
Always by my side

Not going downward - mental twin
Not going downward - mental twin
Not going downward, downward
Instrument evil mental twin

Me and myself
We're king, yeah, we're kong
We will let you down
When you're weak we are strong

Not going downward - mental twin
Not going downward - mental twin
Not going downward, downward
Infernal evil mental twin

Me and myself
We do what we claim
We mean what we say
Only shreds will remain
