

# Ephemera, Play

If I don't fit in  
That's my problem  
And it's not the mold  
Surrounding me  
That has to adapt

If I lose out  
That's my decision  
And I don't need a crowd  
To guide me through this

We'll cooperate fine together  
You are admirable  
I am even better

I resolve to leave  
For my destination  
Believe me I've always had this dream  
To play with you again

We'll cooperate fine together  
You are admirable  
I am even better
