

# Era Istrefi, Oh God (feat. Konshens)

i like it when you're volca  
speaking over my body  
treat it like a temple  
boy, this ain't no novelty  
and don't be telling no one  
we don't need no NDA  
cause I like what you have to say

when we drowning out the radio  
when I'm going down  
and you're working up my ego  
with every sound

you make me feel like a God when '  
I hear you say oh god, oh god  
boy it's so fucking hot when  
I hear you say oh god, oh god  
and boy, it's sound like a song when  
I hear you say oh god, oh god  
you make me feel like a God when '  
I hear you say oh god, oh god  
oh god, oh god

louder than the thunder  
we don't even got no train  
never have to wonder  
cause I see it on your face  
and I'm feeling this way  
boy, I need this on replay  
make your body go eh  
I like when you have to say

when we drowning out the radio  
when I'm going down  
and you're working up my ego  
with every sound

you make me feel like a God when '  
I hear you say oh god, oh god  
boy it's so fucking hot when  
I hear you say oh god, oh god  
and boy, it's sound like a song when  
I hear you say oh god, oh god  
you make me feel like a God when '  
I hear you say oh god, oh god  
oh god, oh god
