

Erasure, Don't Dance

Anything you want
Everything you need
Every time you take
What's on offer
You can step on out
You can do without
You don't have to be
Like every other
Don't dance to the rhythm
Do something 'bout it
Don't dance to the rhythm
You can do without it
Always stay in line
Fool you every time
Wonder why it ends up in sorrow
You don't have to go
All you say is no
There's no rhythm that you have to follow
Don't dance to the rhythm
Do something 'bout it
Don't dance to the rhythm
You can do without it
Everywhere you go
Everything you do
Got to make the best
Just that bit better
You can step on out
You can do without
You don't have to be
Like every other
Don't dance to the rhythm
Do something 'bout it
Don't dance to the rhythm
You can do without it
