

Erasure, Don't Say Your Love Is Killing Me

My eyes are closed and I've nothing more to say
But I was so willing to give it all away

And what a show
I've loved you all I could

When will I see you
Is nothing understood?

You thought I was stupid
But now I stop (stop!) at nothing (I stop at nothing)
I thought you were better
But love's gonna take a man
Yeah love's gonna take a man

Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride

Heaven only knows
At your every turn a scandal
But how's it suit you
When it's all too much to cope with?

You thought I was nothing
Before you stepped [stepped] into my life (stepped into my life)
I thought you were clever
But love's gonna take a man
And you haven't got it in you

Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride

Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride

Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride

Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride

Don't say your love is killing me [Don't say your love]
You know how much it means to me [Is killing me]
I too have feelings deep inside
But would not hurt your foolish pride

Don't say your love is killing me [Don't say your, your love is]
You know how much it means to me [Your love is killing me]
I too have feelings deep inside
But would not hurt your foolish pride
