

Erasure, Ghost

(A. Bell / V. Clarke)

Go to bed, sleepyhead.
The voice of all got away.
You must be brave, ride the wave,
see the World in a day.

I'm sorry, she's a lady,
but a ghost from the past.
Haven't seen my honey lately;
said our love wouldn't last.

Soldier blue, we've come for you.
Half a crown for the chest.
The little bird, she felt your love,
perhaps us all for the best.

I'm sorry, she's a lady,
but ghost from the past.
Haven't seen my sugar lately;
said our love wouldn't last.

Woah!
But a ghost from the past.
Woah!
Hero.
Woah!
Hero.

Go to bed, you sleepyhead.
The voice of all got away.
You must be brave, ride the wave,
save the World in a day.

No, I'm sorry, she's a lady,
but ghost from the past.
Where's my honey been lately?
Said our love wouldn't last.

Woah!
Hero.
Woah!
Hero.

You can hear the burst. Can you feel the air?
Can you see the light? Are you everywhere?
Can you really fly? Can you feel the air?
Can you see the light? You can be at want.

You can hear the burst. Can you feel the air?
Can you see the light? Are you everywhere?
Can you really fly? Can you feel the air?
Can you see the light? You can be at want.

You can hear the burst. Can you feel the air?
Can you see the light? Are you everywhere?
Can you really fly? Can you feel the air?
Can you see the light? You can be at want.

You can hear the burst. Can you feel the air?
Can you see the light? Are you everywhere?
Can you really fly? Can you feel the air?
Can you see the light? You can be at want.

Can you really fly? Can you really fly?
Can you really fly? Can you see the light?

A ghost from the past.
Said our love wouldn't last.
A ghost from the past.
Said our love wouldn't last.

A ghost from the past. (can you really fly?)
Said our love wouldn't last.
A ghost from the past. (can you really fly?)
Said our love wouldn't last.

A ghost from the past. (can you really fly?)
Said our love wouldn't last.
A ghost from the past. (can you really fly?)
Said our love wouldn't last. (can you see the light?)
