

Erasure, If I Could (Orchestral Arrangement)

I don't believe you know
What you're talking 'bout
I don't believe you'd go
And ever find out for yourself
Always got a lot to say
Well I'm not listening anyway
I'm not listening anyway
If I could
Make the world a little better
You know I would
Make the world a little better
I don't believe you care
About the consequences
I don't believe you share
In what you know we know is true
Turning keys and locking doors
I won't accept that anymore
Won't accept that anymore
If I could
Make the world a little better
You know I would
Make the world a little better
I don't believe you know
About the hearts you've broken
I don't believe you show
What your intentions really are
Can you hear
What have you done
There's not enough for everyone
Not enough for everyone
If I could
Make the world a little better
You know I would
Make the world a little better
