

Erasure, Joan

Power generation

You live up your life and it feels like fire

Suspended in animation

A trick of the light and it drives you higher

Blind vision blind faith

You really can be sold

If you dare to disagree

It's just not within the scheme of things

To give up your life so easily

That's not the way you're meant to be

What a waste of time and energy

It's just not within the scheme of things(live your life)

To give up your life so easily, easily(I'll be there)

Psychic celebration

Look up in the stars and see Venus rising

Rapture, fascination

You live for the night and your own desire

Blind vision blind faith

You really can't rely

On what they tell you for effect

It's not just within the scheme of things(live your life)

To give up your life so easily

That's not the way you're meant to be(I do care)

What a waste of time and energy

It's just not within the scheme of things(live your life)

To give up your life so easily

That's not the way you're meant to be(I'll be there)

What a waste of time and energy, energy
