

# Erasure, Push Me Shove Me

Motion always seemed to me  
The way I ought to go  
No one now gets in my way  
I won't let my heartache show  
The same situation  
Won't bring me down no more  
I get on without you now  
I don't need your help for sure

Push me (push me) shove me  
I don't call that love me  
Call that over

There was once a time  
When I would fall for all your lies  
No I know the game you play  
I see it clear there in your eyes  
You can't cry inside me  
I won't let you in my heart  
I can walk out on my own  
It's high time we moved apart

Push me (push me) shove me (push me)  
I don't call that love me  
Push me (push me) shove me (push me)  
I don't call that love me  
Call that over

You say talk it out  
I say it's all one big mistake  
Cut so deep, it's hard  
And it's the chance I have to take  
I don't need to follow  
I want a base love on my own  
Motion or emotion  
From now on that's how it goes

Push me (push me) shove me  
I don't call that love me  
Call that over  
Push me (push me) shove me  
I don't call that love me  
Call that over
