

# Eric Benet, You're The Only One

You're the Only one

Im goin back to the day we started  
and all the ways you were broken hearted  
I take a trip every day in my mind  
I see your face I recall every word  
its playing back like a broken record  
I remember every tear in your eye.

If I knew what I know Id walk back in time  
Ooo I would right every wrong Id change every line  
Then you'd be here right now just like yesterday  
But you'd feel no more doubt when you hear me say

You're the Only One I want  
You're the only one I need in my life  
You're the only one I love  
You're the only one I need in my life

I see the world thru a haze of memories  
And other girls don't mean a damn thing to me  
Its kinda sad how they just don't compare  
Time will tell lets wait and see  
If the love we had was meant to be  
Cause I know we've got a future out there

Cause you're still my girl I don't care what they say  
Lets go back to our baby don't you throw this love away  
Cause I still believe in the magic of us  
Its just a matter of time and it's a matter of trust

You're the Only One I want  
You're the only one I need in my life  
You're the only one I love  
You're the only one I need in my life

Now girl it took some time to get real with myself  
Now love aint easy sometimes  
but when you find it you stay together

You're the Only One I want  
You're the only one I need in my life  
You're the only one I love  
You're the only one I need in my life  
(chorus out)
