

# Eric Burdon & The Animals, To Love Somebody

There's a light  
A certain kind of light  
That never shone on me  
And I want my life to be  
To live with you  
To live with you, baby

There's a way  
Most everybody say  
To do each and every little thing  
But what good does it bring  
If I ain't got you, if I ain't got you

You don't know what it's like, baby  
You don't know what it's like  
To love somebody  
To love somebody  
The way I love you

In my prayer  
I see your face again  
And I'm preaching every night  
How can love be so blind  
I'm so sad,  
I'm so so sad

There's a way  
Most everybody say  
To do each and every little thing  
What good does it bring baby  
If I ain't got you baby, if I ain't got you baby

You don't know what it's like, baby  
You don't know what it's like  
To love somebody  
To love somebody  
The way I love you

[Solo]

There's a light  
A certain kind of light  
That never shone on me  
And I want my life to be baby  
To Live with you baby  
To Live with you baby

You don't know what it's like, baby  
You don't know what it's like  
To love somebody  
God, love somebody  
The way I love you

To love somebody  
The way that I love you

To love somebody  
The way I love you

You don't know what it's like, baby  
You don't know what it's like  
To love somebody  
To love somebody  
The way I love you

The way I need you  
The way I want you

To love somebody  
The way I love you

Every night, every day  
To love somebody  
The way I love you
