Northern lovin's mean, so cold and weary  
You know, I got to go down south to get love right  
And the way they love down south  
You know it makes my blood run hot  
I need some southern comfort, hey, hey, hey  
Gimme some of your southern comfort, hey, hey, hey

Well I've had my fill of gold I trade for women  
Now I need some southern hospitality  
And the way they love down south,  
You know it makes my blood run hot  
I need some southern comfort, hey, hey, hey  
Gimme some of your southern comfort, hey, hey, hey

So if you wanna keep me satisfied  
You gotta give me some southern comfort tonight

Well I've had my fill of gold I trade for women  
No, I need some southern hospitality  
And the way they love down south,  
You know it makes my blood run hot  
I need some southern comfort, hey, hey, hey  
Gimme some of your southern comfort, hey, hey, hey

And the way they love down south,  
You know it makes my blood run hot  
Gimme some of your southern comfort, hey, hey, hey  
Gimme some of your southern comfort, hey, hey, hey  
Some southern comfort, hey, hey, hey  
(oh, you know I want it baby)  
Gimme some of your southern comfort, hey, hey, hey
