Whatever Turns You On  
2006 Eric Daubney, SoundCore Records

The night is young  
The air is cold  
Thinking about you's  
Never getting old  
And even though your gone  
I'm never letting go  
I cant understand why u left me  
Out in the cold  
But I guess your right it was my fault  
And I shouldn't have let you go

Im falling even more in love with you  
Waiting here until u make the move  
Sitting down pretending that im with you  
Hoping that your thinking about me to

I no we had to draw the line  
Just know a real love is hard to find  
But now were on our own  
And we got no where to go  
Life without you is like an airplane  
That's flying to slow  
But before we crash and burn  
Can we give it one more go

Im falling even more in love with you  
Waiting here until u make the move  
Sitting down pretending that im with you  
Hoping that your thinking about me to

Im falling even more in love with you  
Waiting here until u make the move  
Sitting down pretending that im with you  
Hoping that your thinking about me to
