

Eric Saade, Big love

Oh oh oh-oh oh oh oh oh
Oh oh oh-oh oh oh oh oh
Oh oh oh-oh oh oh oh oh
Oh oh oh-oh oh oh oh oh

I'm addicted to the rush you give me
Come get close, and my hearts confession
Beat keeps pumping
And my feet keep dancing
Come get close
You're the one obsession

Four on the floor
I want more
And nothing's gonna stop the way I feel
On the floor
I want more
4, 3, 2, 1

There's a big, big love in the air
There's a big, big love everywhere
It's the way that you make me feel
Got me down for real
Got me down for real
There's a big, big love in the air
There's a big, big love everywhere
It's the way that you make me feel
Got me down for real
Got me down for real
Big love

Wheel keep moving till the break of dawn
Skinny jeans cut like an indiscretion
Short term love, girl, is not my thing
I'm for good
I'll be your possession

Four on the floor
I want more
And nothing's gonna stop the way I feel
On the floor
I want more
4, 3, 2, 1

There's a big, big love in the air
There's a big, big love everywhere
It's the way that you make me feel
Got me down for real
Got me down for real
There's a big, big love in the air
There's a big, big love everywhere
It's the way that you make me feel
Got me down for real
Got me down for real
Real love

I wanna see you dance now
Baby, just move it, move it yeah
I've got this big, big love
Baby you know you got me down

Oh oh oh-oh oh oh oh oh
Oh oh oh-oh oh oh oh oh

There's a big, big love in the air
There's a big, big love everywhere
It's the way that you make me feel
Got me down for real
Got me down for real
There's a big, big love in the air
There's a big, big love everywhere
It's the way that you make me feel
Got me down for real
Got me down for real

There's a big, big love in the air
There's a big, big love everywhere
It's the way that you make me feel
Got me down for real
Got me down for real
Big love
