

# Eric Saade, Marching (In The Name Of Love)

Feels like I'm caught in a time, yeah  
Where showing love is a crime, yeah, yeah, yeah  
I must be out of my mind, yeah  
I put my heart on the line, yeah  
For love, for love  
I know I'm brave enough to try

I've walked for miles  
I have a dream  
I hear the crowd calling out for me  
So many smiles, so many screams, so side by side  
Let's take a walk

Cause tonight we go to war  
I'm not afraid of dying  
I gotta keep on marching  
I'm marching in the name of love  
Cause if tonight we go to war  
I'm not afraid of dying  
I gotta keep on marching  
I'm marching in the name of love

I'm marching in the name of love

I've been so far down the road, yeah  
Where every story's been told, yeah, yeah, yeah  
But now I'm burning the page, yeah  
I'm stepping out on the stage, yeah  
For you, for you  
Because I'm brave enough to try

I've walked for miles  
I have a dream  
I hear the crowd calling out for me  
So many smiles, so many screams, so side by side  
Let's take a walk

Cause tonight we go to war  
I'm not afraid of dying  
I gotta keep on marching  
I'm marching in the name of love  
Cause if tonight we go to war  
I'm not afraid of dying  
I gotta keep on marching  
I'm marching in the name of love

I'm marching in the name of love

Cause tonight we go to war  
I'm not afraid of dying  
I gotta keep on marching  
I'm marching in the name of love

Feels like I'm caught in a time, yeah  
Where showing love is a crime, yeah, yeah, yeah
