

# Eric Turner, Dancing in My Head

Sugar caught me by surprise  
Saying something in her eyes  
Feels like I just kissed the curse  
Met a girl and there ain't no words for her  
Down the sunset Up the lights  
Eh people it? ain't right I couldn't reach her anymore  
Why people didn't I let her know?

That girl I shouldn't have let her go  
She's still dancing in my head  
/x2

Oh yeah baby, keep on dancing, keep on dancing  
She's still dancing in my head  
Oh yeah sugar, keep dancing, keep dancing  
She's still dancing in my head  
/x2

Open doors materialize  
Disappear before my eyes I felt like  
I've ben dealt the worst Hand,  
I do believe I have been curse  
Down the sunset Up the lights  
Eh people it? ain't right  
I couldn't reach her anymore  
Why people didn't I let her know?

That girl I shouldn't have let her go  
She's still dancing in my head  
/x2

Oh yeah baby, keep on dancing, keep on dancing  
She's still dancing in my head  
Oh yeah sugar, keep dancing, keep dancing  
She's still dancing in my head  
/x2
