

# Erin Boheme, In My Place

In my place , in my place  
Were lines that I couldn't say  
I was lost , oh

I was lost , I was lost  
Cross lines I shouldn't have crossed  
I was lost , oh

How long must I wait for her?  
How long must I wait for her?  
How long must I wait for her?

I was scared, I was scared  
Tired and underprepared  
But I'll wait for you

But if you go , if you go  
And leave me down here alone  
I will wait for you , for you

Please , please come back and sing it out  
Now , now come back and sing it  
Please , please , please come back and sing  
To me , to me

How long must you wait for her?  
How long must you wait for her?  
How long must you wait for her?

In my place , in my place  
Were lines that I couldn't say  
I was lost , oh
