

Eris Is My Homegirl, Crab This Way

I can't believe this
whole my life was just a dream
And I can't
Change all of this fucking things
Can you hear
Can you touch
Can you feel

Please just forgive me

Your eyes are rolling to
the back of your head

whole my life was just a dream
And I can't
Change all of this fucking things
Can you hear
Can you touch
Can you feel
and feel

Please just forgive me
