

# Ernest Tubb, Out Of My Mind

[ Leon Rhodes ]

I was sitting alone with my memories and my yesterdays appear before me  
I thought about our love so many times it's hard to keep living with you on my mind  
Out of my mind oh please go away out of my heart I wish you would stay  
Our love was shattered so many times  
Won't someone please help drive you out of my mind

[ steel ]

I close my eyes and I see your face  
And the one of the strangers that's taking my place  
He holds the love that I once called mine  
Won't someone please help drive you out of my mind  
Out of my mind...
