## Ernest Tubb, She's Lookin' Better By The Minute

She's looking better by the minute well I don't know what's in it That makes the drink turn a poor boy's head She's not much to look at a little old and a little fat But I'll hang around and have a beer or two For I know if I'll drink enough she won't look quite so rough It's amazing what a little beer can do She's looking better by the minute well I don't know what's in it That makes the drink turn a fellow's head She's looking better by the minute I guess they must've been bended it To go right to a poor boy's head

Now she don't looks so awful bad considerin' in all this beer I've had As a matter of fact guess I could do worse I could take the sixpacks home but I sure hate to drink alone And it takes more than beer to clinch my thirst She's looking better...

Now in the darkness of this bar she looks like a movie star That goes to show how wrong the guy can be I guess I'd better pick her up fore I start to sober up We'll have a ball this movie star and me She's looking better...
