

# Ernest Tubb, We'll Never Change

The years will see us together as they quickly pass away  
Our hair'll make it lighter but our love will burn brighter  
In our hearts we'll never change  
We'll say that all our mem'ries of every passing day  
Time may rearrange us but we know it won't change us  
In our hearts we'll never change

Time may change the way we look but not the way we feel  
We'll say that all our mem'ries...  
In our hearts we'll never change
