

ERRA, Stockholm Syndrome

I won't stand in your way
Let your hatred grow
And she'll scream, and she'll shout, and she'll pray
And she had a name
Yeah, she had a name

And I won't hold you back
Let your anger rise
And we'll fly, and we'll fall and we'll burn
No one will recall
No one will recall

This is the last time, I'll abandon you
And this is
The last time I'll forget you
I wish I could

Look to the stars
Let hope burn in your eyes
And we'll love, and we'll hate and we'll die
All to no avail
All to no avail

This is the last time I'll abandon you
And this is
The last time, I'll forget you
I wish I could

This is the last time
I'll abandon you
And this is
The last time, I'll forget you
I wish I could

I wish I could
