Love is on the way, all I got to say is

It wont let go

You can pray to early May, fast for 30 days

Still it wont let go, oh

Got a good book and got all in it, tried a little yoga for a minute

But it wont let go, oh

Tried to turn the sauna up to hotter, drunk a whole jar of holy water

But it wont let go, oh

I I I I I I I I

Want you you you you you you you

Said I I I I I I I I

I said what we gon' do

In the worst kinda way way way way way way way way way

I want you you you you, baby

so what we gon' do, baby

so what we gon' do, baby

Love is on the way, all I got to say is

It wont let go

You can pray to early May, fast for 30 days

Still it wont let go, oh

Got good book and got all in it, tried a little yoga for a minute

But it wont let go, oh

Tried to turn the sauna up to hotter, drunk a whole jar of holy water

But it wont let go, oh
