

Erykah Badu, Reprise

You surprise me day and night
You keep me guessing day and night
day and night(oh)day and night

I'll keep you in my heart no matter what happens
I promise you I'll never let you down
Even when you just dont know
and your feeling down
I'll be their for you

You surprise me day and night
You keep me guessing day and night
day and night (oh) day and night
