

# Esham, Detective (With Mastamind, Mobaddes A

(Esham)

I got a ill case, paranoia blood stains on my face  
Close range sawed off shotgun bust  
I never trust, it's a must you ain't down with us  
From Gotham to Metropolis, nigga ain't no stoppin' us  
Suicidal tendencies for all my enemies  
From aggravated assault, insurance is no fault  
U-N-H-O-L-Y, murder's my alibi  
Sodem eyes your trick and make ya recognize bitch  
So flesh is ridiculous, mercilous, meticulous  
Some back in New York and Los A-N-G-E-L-E-S  
A homicidal vital recital, Esham's my title  
From sacks of heroin packs, I went suicidal  
From symptoms of insanity slowly slippin' insane  
Doin' 100 in my 850 in the rain  
And I got retaliation on the brain

(Mobaddress)

Retaliations a must, when I bust  
Who the fuck can we trust?  
For all you niggaz that ain't down  
With the Reel Life Product  
No time to contemplate I'm grabbin' an AK  
Niggaz in your hood screamin' out mayday  
It's that killa Mobaddress  
Kickin' you niggaz and hoes, cause to me you on the same status  
A round after rants, come get your head splattered  
That's why in Detroit they call me Mobaddress

(Mastamind)

Nigga cap blow, let that weed grow  
Don't let 'cha be caught ridin' through the wrong hood  
Cause bitch we evil  
I rained on a million people, drowned the world in my shit  
Blaze the blunt, and shoot blow this motherfucker to bits

(TNT)

Tony Montana, I shot up a body in Atlanta  
Dump that bitch in the river it don't matter  
Still make moves on the street and don't stop  
Still got the connects for the guns and crack pots  
Niggaz hate
