

# Esham, Pill Me (Feel My Prescription)

[Talking]

Pill me for my addiction  
Feel my prescription  
Try everything, I've tried everything  
Check this shit out

I be that Egyptian who need a prescription (So what's poppin?)  
Pain pills, feel my addiction  
I'm caught up in the mix and plus I need fixin'  
This is fact not fiction, bitch, why you bitchin'  
Take a listen witcha ears and close ya mouth  
Wash it down wit' some water before ya pills fall out  
In the darkness I hear somebody call out my name  
When I think about the past all I see is the flames  
Angels try and save me but I'm crazy  
They say 'Follow me' but I can't fly wit' these broken wings  
And 'Tongues' are spoken things  
Don't know what they mean, nightmares that I'm a dope fiend  
Insomniac, I don't sleep, I can't dream  
The voices say 'Follow me' the pills say 'Swallow me'  
I gotta migraine, dead brain cells  
Anphenamines flowin' through my veins takin' me to hell  
Can't you tell I'm in another dimension

Can't you tell I'm in another dimension  
Hell on earth and I got a life sentence  
The only way to get to Heaven's repentance

(Chorus)

[Jill O'Neil]

Pill me for my addiction, feel my prescription, baby

[Esham]

I'm ya pain killa [2x]

I'm a pain killa, a game killa  
The one you come to when ya need the same killa  
Footprints in the sand walkin' witcha  
The shadow behind you who can getcha  
Thoughts of suicide run through my mind  
I think about murderin' murderers all the time  
I close my eyes and turn into vapors  
Smokin' blunts in the Bible papers  
My mind travels at light speed  
"cause I speed in the fast lane swervin', my eyes bleed  
Now let me tell you
