

Eskimo Joe, How Does It Feel

You live so much
It's like you're dying
You can't get up
Your body's trying
You build so tall, it's like you're flying
But rocks will fall, the sky keeps climbing

You're gonna lose everything

How does it feel

I'm not scared so much of trying
But don't look up, you might start flying

You're gonna lose everything
How does it feel
Oh, how does it feel
Oh no

I want to know
I want to know
How does it feel

You're gonna lose everything

How does it feel

You live so much it's like you're dying
You can't get up, but your body's trying
You build so tall, it's like you're flying
But rocks will fall
The sky keeps climbing
