

Eskimo Joe, Rubber

You're cute and i like you
Let's go somewhere
Can't wait 'til tomorrow
To dye my hair
Got loaded got shouted
I like you so
Take you home i'm so sly
Oh you've got something in your eye

Say what you will, that's just the way it goes
I buy you a drink, you smile and wink,
I'm open to suggestion

Bup doobup, would you like
To climb on me?
Would you like some coffee?
Or maybe?
Where am i? rubber?
What was her name?
See you later, i'll call you
Someday
