

# Eskobar, Why London

Where you going now?  
Where you going now?  
What you're looking for  
Is not outside your door  
Not in another land  
Still see a ticket in your hand

Why London?  
It's not your home  
Why London?  
Just a warzone

Where you going now?  
Where you going now?  
Have to step inside  
Have to pay some mind  
No matter where you are  
High above, or under the stars

Why London?  
It's not your home  
Why London?  
Just a warzone
