

Espen Lind, Everybody Says

Everybody says
You never loved me
And everybody says
It's for the best
Everybody says
You're no good for me
Everybody says
To let it rest
Everybody says I should be happy
And everybody says I should be glad
That tick tock tick tock the rain is gonna dry up
And I won't feel quite so bad
Everybody says
The game is over
Everybody says
The prize is lost
Everybody says
It's all for nothing
Everybody says
That that's the cost
Everybody says I should be happy
And everybody says I should be glad
That tick tock tick tock the rain is gonna dry up
And I won't feel quite so bad
Everybody says
I will forget you
Everybody says
I will survive
Everybody says I should be happy
And everybody says I should be glad
That tick tock tick tock the rain is gonna dry up
And I won't feel quite so bad
But today I'm so, so sad
