

# Espen Lind, Missing Her Then

I used to love the girl but  
Now i just don't know  
Don't get me wrong now she could not  
Have loved me more  
It's just that the time has come for me to be gone  
I guess I should be moving along  
But when the city calls out her name  
I'll be missing her  
Oh I'll be missing her then  
Missing her then  
Missing her then  
Missing her so much so much then  
Missing her then  
Missing her then  
Missing her so much then  
When I am half asleep sometimes I hear her voice  
Wish I could tell her it's all right wish I had a choice  
But hey  
I guess it was not meant to be  
I guess she was not meant for me  
And when the city calls out her name  
I'll be missing her  
Oh I'll be missing her then

Missing her then  
Missing her then  
Missing her so much so much then  
Missing her then  
Missing her then  
Missing her so much then  
I just have to break her heart this one last time  
But then she'll find her peace of mind  
And when the city calls out her name  
I'll be missing her  
Oh I'll be missing her then  
Missing her then  
Missing her then  
Missing her so much so much then  
Missing her then  
Missing her then  
Missing her so much then
