its so special all you get to get is just a touch.

(chorus)

my loves on overload,
dont mean to boast but a kiss would make you overdose.
hold me tight, hold me close, turn out the lights,
knock you out, boy your comatosed
boy your rockin with the most, estelle take you on a ride like a rollercoaster.
I heat it up like a toaster, boy bring your body over, I know what to do,
