

Ester Drang, Oceans Of You

Turn the light on
To this question
I'm still asking
Where's the reasoning I know?
Existence
Where's the reasoning in this?

(Chorus)
Life changes you
And you're going to leave someday
All of the problems in your way
And they hand you down at my feet
As I fill you up
Drink this up

Existence
Is my gift
Is this reason enough for you?
Is this reason enough for you?

(Chorus)
