

Eternal Decision, One Nation

You're always faithful to, the things
You say You'll do,
Blessing our land this way.
We planned to honor You,
In all the things we do
But we've turned our backs away
We're always wanting more,
Our hearts are growing poor,
Feeding our selfishness
But there is hope in You,
we need our hearts renewed.
Revive our spirits again.

We need revival in this land
We need to bow before you
Do what You've told us to
Seek You with all our hearts now
One nation under God

Now is the time to choose,
A choice to win or lose
Whom today will we serve
Hold fast to what's been said
Sealed by the blood He shed
Turning from our wicked ways
And now the day has come
To stand and fight or run
Carry our cross today
It's time we take a stand
For God who's blessed this land
Revive our spirits again
