Other guys may be rich and handsome baby but,
I prefer you.

You have the quality that can't be surpassed
and the love we found I know it's gonna last
that's why I prefer you

You can't give me all the fine clothes that have been offered to me baby,
but I prefer you.
You can't give the riches that go, understand,
but I still daddy I prefer you
You have the standard that I live by yeah
and all the good lovin that I need,
that's why I prefer you

It's a matter of choice what you wanna do baby,
I've already told you what I'm gonna do baby. now
Now it's your turn baby to tell, tell me tell me baby now what you gonna do
(ohhhhh)
Stop wastin time make up your mind,
baby now I prefer you.
Don't put off tomorrow, what you can do right now babe,
but I prefer you.
Now tomorrow is a day that never comes today is the day that you better get out and run, run, run

I'd rather have you away any old time now,
don't want nobody else now
