

Euphonic, Yeah No

I'm so bored of this ranting
So over it all
Like all sh*tty things
It has to come to this

So let's fall out
And be alone again
Words come out
But they never do sink in

But she won't back down
'Cause she won't say
Yeah, no
Say yeah, no

For all this pointlessness
We broke off figureheads
Sing I'm not here just to please you

So let's fight again
Just because we can
It's a lonely, lonely, lonely way to go

But she won't back down
'Cause she won't say
Yeah, no
Say yeah, no
Say yeah
Say yeah
Say yeah, no

I'm so bored of this ranting
So over it all
Like all sh*tty things
It has to come to this

So let's fall out
And be alone again
Words come out
But they never do sink in

Say yeah, no
Say yeah, no
Say yeah
Say yeah
Say yeah, no
