

# Europe, Halfway To Heaven

(Joey Tempest, Jim Vallance)

Another day has come  
Can't face it on my own  
I almost let you walk away  
I guess I should have known  
I'll give it to you straight  
'Cause some things just can't wait  
I've got to make it up to you  
And I'll pray it's not too late

'Cause when you look at me  
With those sad blue eyes  
It stops me cold and I realize  
You're all I need tonight

We're halfway to heaven  
Lyin' beside you on a night  
So still  
We're halfway to heaven  
I ask you if you'll stay and baby  
Say you will

So what's a man to do  
To get it through to you  
Another lost and lonely night  
Would break this heart in two

So let's take a chance  
And it'll be alright  
Just put your trust in me tonight  
Girl we're almost there

We're halfway to heaven  
There's something magic  
'Bout the way you kiss  
We're halfway to heaven  
Runnin' with you baby  
On a night like this  
We're halfway to heaven  
I never dreamed that  
I could get this high  
We're halfway to heaven  
Girl I couldn't leave you  
Even if I tried

You got me captured  
In a crazy spin  
You got me so I just  
Can't tell the shape I'm in
