

Eurythmics, Let's Go!

He was the kinda guy
I liked the way he looked.
He had a red silk tie -
He had a forties suit.
And I said - "You're the kind of
person
I've been longing to adore."
"You're the kind of person
I've been waiting for."
He said - "The time is right to take a
chance
'Cause I'm looking for a brand new
romance."
"So come on baby let's go outside -
I've got a car in the drive and we can
take a ride."

"So let's go - I wanna fall in love ooh
hoo."
"Let's go - I wanna fall in love ooh
hoo."

Well - we went driving for an hour or
so
Till we took the little Chevy down to
Mexico.
And I said - "Blue eyed boy, you
know I love the way you look."
"Why don't we find a preacher
Who can get us hooked?"
"You know the time is right to take a
chance
'Cause I'm looking for a brand new
romance."
And the great big moon
Was a shinin' down
He said "Forget about the preacher
man,
Let's do it on the ground!"

"Let's go - I wanna fall in love ooh
hoo."
"Let's go - I wanna fall in love ooh
hoo."
